Desiree Hurtak, M.Sc.

Description

The Scrolls of Titus and Philemon

by Dr. J.J. Hurtak and Desiree Hurtak, M.Sc.

In these short letters of the Apostle Paul, we have the ultimate challenge to the initiate to change from living in individuality to living in fellowship. Here the message is focused upon community building and the experience required to be the family in the midst of world change. Altruism in Christ is the key to communication and the future.
