Short Description

by The Mighty Voice Cultural Choir, Mamelodi, South Africa

Description

by The Mighty Voice Cultural Choir, Mamelodi, South Africa

Through the compositions sung in various languages we find a unique mix of African rhythms with sacred words of praise. Whether it be from the ancient Hebrew or the modern African words, each song represents the expansiveness of the Most High God who rejoices in all Creation.

This is a unique album that shows the extent of the work of The Academy For Future Science in Africa helping as well as encouraging a up-coming choir to sing and rejoice in the Lord.
